1960/61

This is a complete list of our available plants to supplement our 1959-60 General Catalog of which we still have an ample supply. Consequently our 1960-61 Catalog will be delayed and may not be printed until fall. However, we wish to assure all who have ordered from Merry Gardens in the past year will automatically receive a copy. Otherwise the charge is 25¢. In the meantime, we will gladly replace your 1959-60 Catalog, if requested.

This list cancels all previous lists

*Indicates recommended for greenhouse or plant room. Not suitable for house plants.
#Indicates plants are extremely rare or hard to ship long distances. Shipped at customers risk.
Plants underlined are our 1960 additions to surgisting.
